

# OUTLINE OF D.M.A. PROGRAM (Plan of Study)

NOTE: Student must submit three (3) typed and signed copies to the Graduate School

## PART I: Requirements Summary

**Course Credit:** Minimum of 46-62 semester hours of credit beyond the Master of Music degree (may include document research credit)

**Foreign Language/ Research skill:** If required by your department

**Time Limits:** All requirements for the doctoral degree must be completed within the seven-year period following admission to the doctoral program, with the following specific exceptions: psychology, modern languages and classics, and English (eight years if entering the doctoral program with a baccalaureate, not master's, degree), and the doctor of public administration (eight years). Previous graduate credit may be applied to the doctoral degree if the credit was earned during the six-year period prior to admission to the doctoral program.

**Transfer of credit:** Application required for approval by department and Graduate School (not to include document research hours). Student completes "Request for Transfer Credit"

**Residency:** The minimum period in which the doctoral degree can be earned is 3 full academic years of graduate study. The student must spend an academic year in continuous residence as a full-time student on-campus in the Graduate School of The University of Alabama (or, if specifically approved by the faculty concerned, one full summer consisting of two terms, preceded by or followed by one regular semester). This requirement can be satisfied only by enrolling in coursework; dissertation or thesis research cannot be used. GTAs or GRAs whose work assignment is more than 3 hours per semester should expect to spend more time than the minimum period in residence.
